

Bristol and South Gloucestershire Mobility Hubs Achieve Gold Standard!

A look back at the tour, the conference and a national recognition from CoMoUK.

What we saw on our Guided Tour

Thank you to everyone who joined us in Bristol. We were delighted to welcome such a strong turnout and it was great mix of attendees that sparked some brilliant conversations at our sites. Seeing [our Hubs](#) in action highlighted how **thoughtful design can strengthen innovations in public and sustainable transport.**

Some of the key green features of our Hubs:

Solar Energy

Pollinator-Friendly Planting

Bike Storage

Our Mobility Hubs Network is CoMoUK Gold Accredited!

We are proud to share that our Mobility Hubs have been recognised by **CoMoUK** as performing at a **Gold Standard**. Our hubs not only meet essential criteria but provide additional features that

enhance **comfort** and
accessibility for commuters.

about our Gold Accreditation](#)

Take a look at some photos from the event

What's next?

We were thrilled with the turnout of our tour and will be sharing further insights on how our hubs are performing and evolving. Get in touch if you're interested in bringing a **Mobility Hubs Network** near you.
