

We're back at Climate Resilient Streets

3rd June 2026
The Big Penny, Walthamstow

We'll be presenting at the event and
hosting a walking tour of our large-scale
rain gardens

Next week, we'll be exhibiting at the [Climate Resilient Streets conference](#) in Walthamstow. Don't miss out on seeing our rain gardens, [Forest road](#) and [Sutherland Road](#) in action!

Come along to see firsthand how greener streets can transform everyday urban spaces for communities, biodiversity and active travel.

Growing the Forest Road Green Corridor

The walking tour will explore **Phase 1** of the [Forest Road](#) project that features over **600m²** of rain gardens and over **10,000 plants**.

We have now completed **phase 2** of the project by introducing 7 new planting beds and adding **over 1,000 plants** to the scheme.
