

New habitat features bring Amhurst Road to life

Alongside over **1500m²** of rain garden planting we've completed along [Amhurst Road](#) in Hackney, we installed a range of interactive and pollinator-friendly features such as: **bee posts, gabion benches, bug hotels, habi-stacks and bird boxes.**

Bug hotels

Taking your space from fresh to thriving

Putting plants in the ground is one thing, but nurturing them is another. Our maintenance team care for new and establishing planting, taking sites from newly planted to fully thriving.

With careful monitoring and consistent visits, our team take charge of watering, weeding, pruning, soil health, litter removal and even plant replacement to keep sites looking healthy and full.
